UNION COUNTY CONVENTION.

Pursuant to a resolution passed in County meeting, at Clearfield, on June 21st, the Union men—all who have steadfastly supported our National authorities while suppressing the Rebellion—will assemble in the Borough of Clearfield, on THURSDAY, AUGUST 31st, 1865, at 1 o'clock, p. m. for the purpose of nominating a Union County ticket, to be voted for at the approaching October election. The nominations will be made in accordance with the usages of the party. A full attendance is requested.
S. J. ROW, Ch. Union Co. Com.

THE CROPS.—The prospect for a large yield of buckwheat and corn, is very promising at present, in this county.

DELEGATES.—Hon. G. R. Barrett, Ellis Irwin, Esq., and D. E. Eizewiller, have been appointed delegates to represent the Clearfield County Agricultural Society in the Agricultural College to be held at Bellefonte on the 6th day of September next.

POTATO ROT.—We hear many complaints in reference to the potato rot. That the rot, to a considerable extent prevails, there is no doubt; but we opine that it is not so general as many persons believe. In fact, we learn from several farmers who have in large crops, that they have never raised better or more sound potatoes.

DIAMOND CEMENT.—Take one pound of white glue, one quart of rain water, three gills alcohol, four ounces white lead; dissolve the glue in the rain water; add the alcohol and dissolve again; then add the lead; boil fifteen minutes; stir all the time; bottle while hot. The above is sold as a recipe for mending wood, leather, etc., to make them as strong as before broken.

OBITUARY.—Died, at his residence in Lawrence township, on Wednesday, August 9th, 1865, FREDERICK GUELICH, aged 40 years, 3 months and 2 days. The deceased was drafted into the service of his country, in October 1864, and served as a private soldier in company F 57th Penn'a Volunteers—which organization participated in the last Weldon Railroad raid, in the closing engagements before Petersburg, and in the final conflicts with the rebels which impelled the surrender of Lee and his army. Mr. G. was a fearless and brave soldier, ever ready to discharge his duty, no matter how hazardous. He possessed the confidence and respect of his officers, and had the reputation among his companions-in-arms as being the most exemplary soldier in his regiment. The Bible was his daily companion, and he ever trusted in God for his safety in battle. Although often in the thickest of the fight, yet he escaped without injury, and was discharged, with his regiment, in July, and returned safely to the bosom of his family. But, shortly after his arrival at home, he was prostrated by a fever, which, in a few weeks, terminated his earthly career. But, "still he lives!" He was a kind and indulgent husband and father, and a considerate neighbor; and his many virtues will long be remembered by those who survive him. For many years Mr. Guelich was a consistent and exemplary member of the Lutheran church, and he fully sustained his Christian character while in the army; and in his last moments on earth, he gave satisfactory evidence that he died in the full hope of a blessed immortality, and now his spirit is with Jesus—him whom he loved with a whole heart—in the realms of eternal bliss. May they who now deeply mourn his departure hence, be animated with the same spirit of love for the Savior that he exhibited, and then they have the blessed assurance that they will again be reunited with him in "a house not built with hands, but eternal in the heavens."

THE FAIR.—At the last meeting of the Executive Committee of the Clearfield County Agricultural Society, the time for holding the Fair, as previously announced, was changed to the 17th, 18th, 19th and 20th days of October. The reason for making this change, is to allow the farmers—whose interests the Society is intended to promote—time to harvest their Buckwheat, Corn, etc., (all important crops in Clearfield), as the former will no doubt ripen about the time the Fair was first intended to be held.

RAILROAD TO CLEARFIELD.—We understand that Geo. W. Leuffer, the locating engineer of the Pennsylvania Railroad, is now engaged in making a survey of the route between Clearfield and Philipsburg. This is a matter of congratulation to our citizens, and the day will be anxiously looked for when a railroad will be completed to Clearfield. This survey is being made under the auspices of the "Sandy Lick" charter, and not the old "Tyone and Clearfield," as is supposed by many persons. In view of this fact, it is to be hoped that our citizens generally, and our capitalists especially, will be liberal in their subscriptions to the project. Now is the time to procure the construction of a railroad to Clearfield. If this opportunity is permitted to pass unimproved, it may be too late. Then push the work forward vigorously, and soon the "snort" of the "iron-horse" will resound through our valleys, and give a new impetus to trade and enterprise, in every part of our county.

From South America.

NEW YORK, August 11.—The following account of the naval engagement on the river Parana is given in the *Journal d'Relief*: At eight o'clock in the morning the Paraguayan vessels were seen to descend the river, and about nine o'clock they were within reach of their enemy, and at once opened a furious fire. The Brazilian account, the only one which has reached us, admits that the Paraguayans fought with the utmost bravery, and the result was for some time doubtful, until the Brazilian steamer Amazonas, being converted into a ram made terrible havoc among the enemy's fleet sinking three steamers, the Paraguayan, Salto, and Jeghy, and one floating battery, and compelling one steamer and five batteries to surrender, and removing four steamers which were likewise considerably damaged, and then returned. The battle lasted until four o'clock p. m.

Paraguayans who supported the fire of their flotilla by a land battery of 30 guns are reported to have lost 1,500 men of their squadron, and 500 of the land battery. The Brazilians estimate their loss at about 300 in killed, wounded and missing.

Nothing could exceed the ferocious valor of the Paraguayans. They all seemed determined to conquer or die. Among the wounded prisoners who fell into the hands of the Brazilians was Roble, commander of the Salto, one of the sunken steamers, and a brother to Commanding General of Paraguayan forces. His wounds were tenderly dressed by the Commander-in-chief of the Brazilian fleet, Barroso, but Roble, with his teeth, tore off the bandages from his wounds, preferring death to captivity. The rest of the commanders of the Paraguayan vessels are among the dead. The whole of the artillery, ammunition, banners and an immense amount of war material fell into the hands of the victors.

LATELY the friends of Mr. Jefferson Davis have made repeated attempts to communicate with him, all of which were unsuccessful. They were a part of the scheme whereof the meeting in New York, to take steps for his defense, was a prominent feature, and all relate to the ensuing trial of the rebel chief. It is plain that Davis' friends do not doubt that the Government is thoroughly in earnest in regard to him, and that he will be duly tried, and if found guilty, executed. They are acting on this idea, but they have not gained access to Davis, nor will they.

If the editor of any "Democratic" newspaper will consult Webster's Dictionary—the standard definer of English words—he will find the meaning of the word *Democrat* given as follows:—"One who adheres to a government by the people, or favors the extension of the right of suffrage to all classes of men." In view of this extremely clear definition of the term, how can the members of that party which is violently opposed to negro suffrage claim the title of "Democrats?"

The order to Gen. SHERIDAN to reduce his force in Texas as rapidly and to as small a number as possible, has effectually disposed of the sensation stories of a collision on the Rio Grande, and removed all ground of suspicion abroad. It is estimated that Gen. SHERIDAN will be able to raise his army to fifteen thousand or less, which will be nearly all black infantry—a proceeding which alone will save the country thirty millions annually.

A gentleman who has traveled through Iowa lately says that there are at least 20,000 returned soldiers at work in that State helping to save the harvest. He saw hardly an idle soldier in that State.

The Councils of Harrisburg have passed an ordinance, prohibiting the erection of wooden buildings within the city limits; the Mayor has signed it, and it is now a law.

A NEW FOWL.—A fearful giant in the shape of a barnyard fowl has been introduced into Scotland from Central India, called the "Begum Gayusa," a cut of which is given in the August number of the *American Agriculturalist*. The male is thirty inches high, and appears like the Shanghai, except that on the head a couple of minute horns arise, instead of a comb, from a heavy base which projects some distance along the upper side of the bill. The wattles are also larger and fuller. The chicken of this kind of fowl, it is reported, grow to the weight of eight pounds at seven and eight months old—limbs of course included. We have no account of the laying properties.

The rebel Sheriff of Charleston lately demanded possession of the jail, as he was about to resume the duties of his office. Gen. Bennett, commanding the post, informed him that any attempt to resume his duty would directly conflict with his, the General's, duty as military commander of the city.

One Captain DEAN recently escaped from a court-martial in Harrisburg, Pa., and tried to get off by disguising himself as a negro. He had discolored the skin on his face, breast, hands and legs, with nitrate of silver, and was bound for Canada. The disguise was penetrated, and he was re-arrested.

Col. THOMAS has issued a letter to the clergymen of Tennessee directing them to affix the following declaration to the marriage rites of negroes: "In accordance with the ordinance of God, and by authority of the United States, I pronounce you to be husband and wife."

Texas papers report the robbers infesting Texas as having everything their own way. Several persons in Hays county were hanged until nearly dead, in order to extort money from them. Between San Antonio and Austin the stages and wagons were regularly robbed.

The claim of Pennsylvania against the Federal Government, for money disbursed in arming, equipping and transporting troops during the rebellion, is two millions one hundred and twenty-eight thousand four hundred and nineteen dollars.

Kentucky has sent 28,819 colored men to the war. By act of Congress the wives and children of these men, to the number of 70,000 have been freed, making the whole number of slaves freed, in connection with the army, 100,864.

At the La Crosse Land Office in Wisconsin, there were 5,700 acres of public lands entered for actual settlement. The cash sales at the same office in that month amounted to \$1,494 61.

The African King of the Bansas recently sent a request to the President for a waterproof coat. One has been sent him.

The *Louisville Journal* is sorry to say that the keepers of the guerrilla prisons have many jobs on their hands.
